

# ABAP and British Airways Pensioners Worldwide Staff Travel Campaign Working Group

This is a request by the under-signed that in the interests of fairness and decency and out of consideration for the loyalty given by its existing pensioners to BA and its predecessors, British Airways makes the following amendments to its Staff Travel regulations as described in ST09:

- 1 the removal from *existing pensioners* of the new limitation on their entitlement to Staff Travel;**
- 2 the retention of present Staff Travel entitlements including Interline travel for widows and widowers of *existing pensioners*;**
- 3 the continuation of the right of *existing pensioners* to bank Long Service awards they have earned.**

This request is supported by Lord Tebbit of Chingford. The agreement of British Airways to these modest changes will be greatly appreciated as a gesture of immense fairness by all staff and pensioners.
